NC does not represent Jammu, says Gupta

Excelsior Correspondent

JAMMU, Aug 13: The National Conference (NC) has been rejected totally by the people of Jammu region, and it does not represent the ethos of the region. A clear evidence of this is the way the party was decimated in the previous elections of the State Legislative Assembly. The tally of the NC has reached an all-time low and it is odd to claim that it represents Jammu, BJP State spokesman Arun Kumar Gupta said in a statement here today.

The claims made by NC regional chief Devender Rana on Article 35-A are not true as the Jammu region does not support this provision at all. Rana's claims with regard to this provision are totally misleading and spurious, Gupta asserted. In fact, the NC is afraid of this issue coming under scrutiny now and wants to shut debate among people, he added.

The issue is pending its disposal in the Supreme Court whether Article 35-A needs to be scrapped from the Constitution or not. That is the issue to be decided in the highest court of the land and will be properly scrutinised, he pointed out. When an issue of such a great sensitivity is in the court, to claim that Jammu supports this provision is misleading and false, Gupta added.

The claims of support for Article 35-A in the Jammu region are totally misplaced and the NC should observe the legal nicety of desisting from commenting on an issue with the Supreme Court. The process of a matter being sub
